PROJECTS

Tourism Management System

Built a web-based tourism management system with an SQL database backend and a frontend using HTML, CSS, and JavaScript. The application suggests budget-friendly travel destinations and itineraries.

Plagiarism Checker

Developed a plagiarism checker using JavaScript for comparison logic and a backend for storing reference documents, highlighting similar phrases.

Spotify Clone (Frontend)

Created a Spotify-like music player interface using HTML, CSS, and JavaScript. Added playlist display, controls, and responsive design.

Tic-Tac-Toe Game

Browser-based Tic-Tac-Toe game using HTML, CSS, and JavaScript with both single-player and two-player modes.

Rock-Paper-Scissors Game

Interactive game using JavaScript featuring score tracking and responsive layout.
